Kelowna Master Gardeners:

Guisachan Heritage Park gardens are wrapped up for another year. This popular city park, managed by the Central Okanagan Heritage Society (COHS), has received countless hours of volunteer support from dedicated Master Gardeners. They have moved wheelbarrows of mulch, pruned roses, divided perennials, and given overall support to our head gardener Carla Harrison.

The profit that COHS earns through the gardening contract with the City of Kelowna, for Guisachan Heritage Park's - Cameron Gardens is used to support the overall mission and mandate of COHS. In essence the Master Gardeners support at Guisachan, not only enhances this historic park, but the effects ripple out to other heritage projects through-out the community.

We invite all the Master Gardeners who supported COHS and the Guisachan Gardens this year to attend our Christmas at Benvoulin event on Sunday December 8th at 2:00 for goodies, fellowship, carol-singing and some special music.

On behalf of the board, staff and membership of COHS we say "thank you."

Sincerely,

Janice Henry

Executive Director
Central Okanagan Heritage Society
