

# Okanagan Master Gardeners

## **Present a Virtual Talk**

March 27, 2021 10:00 am-12:00pm

## **Linda Gilkeson:**

### **Beautiful Yards and Healthy Gardens Without Pesticides**

It is perfectly possible to have lovely lawns and gardens without resorting to pesticides. Change how you think about managing pests, starting with how to prevent problems through good design, choice of plants and management practices. Learn how to deal with common weeds, insects and other pests of lawns, roses, and gardens using low-cost, simple organic methods.

Linda Gilkeson is a well-known West Coast gardening expert and garden book author. Her books include 'Backyard Bounty', Resilient Gardens, Pollinator Gardens, Garlic Diseases, Pest Update, West Coast Gardening: Natural Insect, Weed and Disease Control; and Year-Around Harvest: Winter Gardening on the Coast.
